Sir:

DECLARATION OF DR. ARTHUR KRIEG

I, Arthur Krieg, M.D. declare as follows:

1. I am an inventor of the above-identified patent application and I make this declaration in support of that application. I am currently Chief Scientific Officer of Coley Pharmaceutical Group, Inc, exclusive licensee of the technology from the University of Iowa.
2. At the time that Table 13 was added to the specification in October of 1997, I had performed several experiments testing panels of CpG oligonucleotides for the ability to induce IL-12. I have prepared a summary table including some of that data. It is attached hereto.

3. Each column of data in the table represents a different donor subject. The date of the experiment is indicated in the second row of the Table. Columns 11 and 13 include the data presented as experiment 1 and experiment 2 of Table 13, respectively.
4. I declare that all statements herein of my own knowledge are true and that all statements made on information and belief are believed to be true. I declare further that the statements were made with the knowledge that willful, false statements and the likes so made, are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful, false statements may jeopardize the validity of this document and any patent which may issue from the above-identified patent application.

Date:

11/28/05

Dr. Arthur Krieg

EXHIBIT 1

Table of IL-12 levels in supernatants of PBMC from different human donors cultured in regular medium alone ("cells"), or treated with the indicated ODN (generally at a concentration of 6 ug/ml), CG are highlighted
